

Tax Installment Payment Plan for Property Owners

The Trumbull County Treasurer's Office has created the Tax Installment Payment Plan (T.I.P.) to help taxpayers who find our semi-annual method of paying taxes burdensome.

Here's how T.I.P. works:

- Monthly coupons and mailing address labels will be provided;
- Payment can be made at any time each month;
- Payment can be made for any amount;
- There are no service charges;
- Never worry about missing the payment deadline;
- Never be caught short of funds to pay your property tax.

This plan is strictly optional.

If you would like more information, please contact the Treasurer's office and ask to speak with a T.I.P. clerk:
